

# **Improvement of transition management for youth at risk of marginalisation**

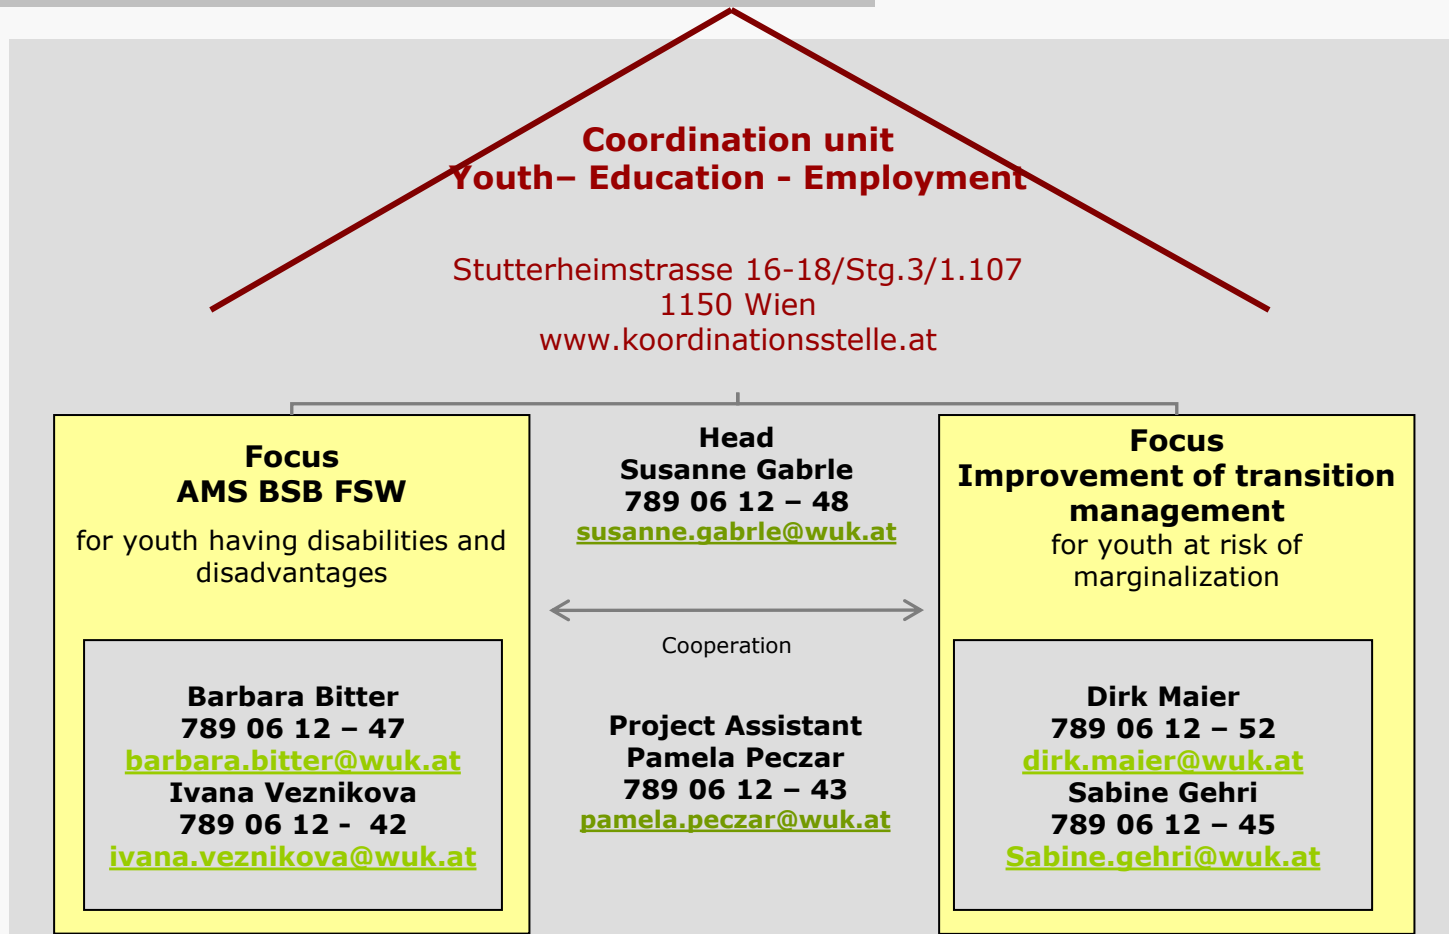

COP Meeting & PEO Exploration in Austria  
(9th COP Meeting)  
10 October 2011, Vienna, Austria

Vienna, 10.10.2011

Dirk Maier

# Look who is talking

**Koordinationsstelle  
Jugend - Bildung - Beschäftigung**

# History

**Koordinationsstelle  
Jugend - Bildung - Beschäftigung**

## July 2007

### **Start of the Coordination Unit AMS BSB FSW**

Support of authorities` communication and cooperation in order to improve the coordination of measures for labour market inclusion of disabled and disadvantaged youth.

## March – July 2009

**Project** „Development of a co-ordinated concept for an improved transition management for youth at risk of marginalisation. Client: waff, Co-operation with AMS, BSB, FSW, SSR und waff

## December 2009

### **Start of the Coordination unit Youth – Education – Employment**

- Modification of the branch AMS BSB FSW
- Constitution of the branch “Improvement of the transition management”

## - **Lack of support from the social environment**

Inactive environment, catchwords: „Social assistance inheritance“, social neglect, educationally disadvantaged families, prevalent traditional values, unrealistic expectations towards their children's career,...

## - **Individual Problems**

Social und psycho-social problems, such as lack of motivation, disorientation, school fatigue, inadequate behaviour, delinquency, debt, learning disabilities, ....

## - **Labour market situation**

Lack of apprenticeships and jobs, few places in upper secondary education => selection of youth and „Creaming-effect“ -> does not mean youths are not jobready.

## - **Different funding streams**

Measures and affirmative actions for specific needs and/or specific target groups only.

Problems can not be solved by one institution alone

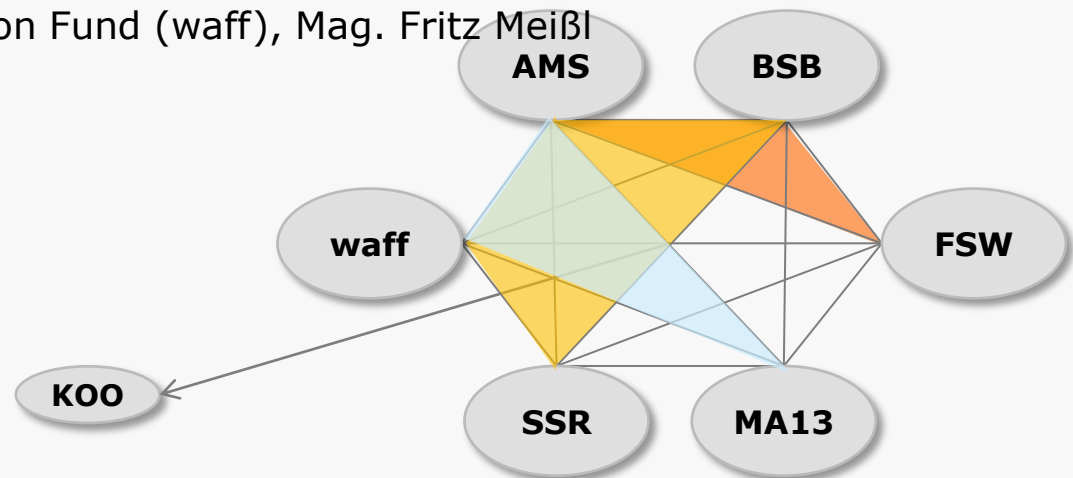

## Partnership structure

**Koordinationsstelle  
Jugend - Bildung - Beschäftigung**

Coordination unit, branch transition management, is funded by the federal ministry of labour, social affairs and consumer protection (BMASK) and the ESF. The branch is commissioned by the steering group:

- Public employment service Vienna (AMS), Dr. Ingeborg Friehs
- Federal Social Office branch Vienna (BSB), HR Mario Jursitzky
- Vienna Social Fund (FSW) Dpt. Employment and day-care centres, DSA Robert Bacher
- Education and out of school activities for youth and children (MA 13) Dpt. Youth, DSA Karl Ceplak
- Vienna School Board (SSR), Dr. Susanne Schöberl
- Vienna Employment Promotion Fund (waff), Mag. Fritz Meißl

Coordination unit is equidistant to all steering group members

# Partnership practice

Coordination - Communication - Transparency - Cooperation

**Koordinationsstelle  
Jugend - Bildung - Beschäftigung**

## **Development of common objectives**

- area wide detection system for pupils needing support at the transition from school to working life
- development of an integrated support system for the target group in the framework of the Viennese education guarantee.

## **Development of a regional knowledge base** for transition management

- Youth monitoring (MA 27, EU Strategy and Economic Development)
- Surveys by the coordination unit

**Heightening the transparency of support services:** Better overview of projects and services concerned with facilitating the transition from school to employment or professional training for adolescents at risk of marginalization.

**Informing professionals in the field:** On-going improvement of disseminator's level of information (i.e. counsellors, staff members in youth work, teachers etc.)

**Improving coordination and cooperation:** Support of service providers and actors in facilitating transition from school to work and reducing drop-out rates.
